

AGSTREME™

ZINC 9% FOLIAR

Nutritional

FEEDING FOR IMPROVED YIELD AND RETURN

AGSTREME™ Zinc 9% offers high quality, fully chelated EDTA micronutrients. The chelation shields and protects the nutrients, which prevents them from reacting and binding with other elements in the soil and other fertilizers. This protection helps ensure that nutrients remain available to the plant in a wide range of tank mixes, as well as pH and soil conditions.

AGSTREME™ Zinc 9% can withstand even the most challenging soil conditions, such as high alkaline calcareous soils. AGSTREME™ Zinc 9% also offers superior tank mix compatibility and will perform in complex tank mix situations, such as neutralized orthophosphate solutions.

AGSTREME™ Zinc 9% has been approved as a tank mix partner with the 2, 4-D based herbicide, Enlist Duo® with Colex-D® Technology.

APPLICATION INSTRUCTIONS & USE RATES

AGSTREME™ Zinc 9% is recommended to correct zinc deficiencies. Zinc 9% should be used on the basis of a soil and/or tissue analysis.

Use at a rate of 1 quart per acre.

SOIL APPLICATION:

Formulated and compatible for use in all liquid suspension fertilizers. Use recommended rates only from a soil or plant analysis where it is required by law.

FOLIAR APPLICATION:

Apply a minimum of 10 gallons of water per acre with use of AGSTREME™ Zinc 9% to foliage with ground spray equipment.

MIXING:

1. Pour 1/3 water or fertilizer in tank
2. Add other pesticides
3. Fill tank with a balance of water or fertilizer
4. Add Zinc 9%
5. Agitate to assure proper mixing

PRODUCT AVAILABILITY

Products are available in both 2.5 gallon jugs and 250 gallon totes.

GUARANTEED ANALYSIS

Zinc 9%	9.0%
9.0% Chelated Zinc (Zn)	
Derived from Zinc EDTA	

PRODUCT BENEFITS

- Ideal for use with liquid starter fertilizers and as a foliar application in difficult tank mixes
- Superior compatibility with:
 - Almost all NPK fertilizers
 - Thiosulfate solutions
 - Orthophosphates, Polyphosphates
 - High pH solutions
 - Nitrogen and SRN solutions
- Application flexibility. May be mixed directly into growing media, applied as a soil drench or added to fertigation systems.
- More efficient than other forms of nutrients; up to 6x ratio in harsh soil conditions

PRECAUTIONARY STATEMENTS:

Avoid contact with eyes, skin, and breathing vapors or spray mist. Wear protective gloves. Do not eat, drink, or smoke when using this product. Wash hands thoroughly after handling. Use adequate ventilation when handling. Keep away from open flame. In case of fire, use dry fire extinguisher to extinguish. For first aid refer to the SDS First Aid section. If on skin, take contaminated clothes off immediately. Rinse skin with water.

NOTICE:

Manufacturer warrants that Zinc 9% conforms to its chemical description and will perform as stated on the label when used according to directions and under normal conditions. Neither this warranty or any other warranty of merchantability, expressed or implied, extends to the use of this product contrary to label directions. Buyer assumes all risk if Zinc 9% is used in any manner or under any condition other than those specifically set forth on the label.
